

✓ Appl. No. : 08/841,847  
Filed : May 5, 1997

✓ 109 140. The microbubble preparation of claim 137 wherein said modifier gas comprises air.

✓ 109 141. The microbubble preparation of claim 137 wherein said modifier gas comprises carbon dioxide.

✓ 111 142. The microbubble preparation of claim 136 wherein said gas osmotic agent comprises perfluoropropane and said modifier gas comprises nitrogen.

✓ 112 143. The microbubble preparation of claim 136 wherein said gas osmotic agent comprises perfluoropropane and said modifier gas comprises oxygen.

✓ 113 144. The microbubble preparation of claim 136 wherein said gas osmotic agent comprises perfluoropropane and said modifier gas comprises a mixture of oxygen and nitrogen.

✓ 114 145. The microbubble preparation of claim 136 wherein said gas osmotic agent comprises perfluoropropane and said modifier gas comprises air.

✓ 115 146. The microbubble preparation of claim 136 wherein said gas osmotic agent comprises perfluorohexane.

✓ 116 147. The microbubble preparation of claim 136 wherein said modifier gas comprises nitrogen.

C1 control ✓ 117 148. The microbubble preparation of claim 136 wherein said modifier gas comprises oxygen.

✓ 118 149. The microbubble preparation of claim 136 wherein said modifier gas comprises air.

✓ 119 150. The microbubble preparation of claim 136 wherein said modifier gas comprises carbon dioxide.

✓ 120 151. The microbubble preparation of claim 136 wherein said gas osmotic agent comprises perfluorohexane and said modifier gas comprises nitrogen.

✓ 121 152. The microbubble preparation of claim 136 wherein said gas osmotic agent comprises perfluorohexane and said modifier gas comprises oxygen.

✓ 122 153. The microbubble preparation of claim 136 wherein said gas osmotic agent comprises perfluorohexane and said modifier gas comprises a mixture of oxygen and nitrogen.
